

PRODUCT LIABILITY INSURANCE POLICY

PROSPECTUS

The **Product Liability policy** is the ideal policy for manufacturer / trader who can fall victim to complicated and expensive law suits due to a possibility that your product could cause damage to a Third Party. This policy covers claims, which the Insured becomes legally liable to pay to third parties as a result of bodily injury Or property damage arising out of the use or consumption of products manufactured, sold and / or distributed by the insured. The USGIC's Product Liability policy is a right to defend policy in lines with the market agreement as available in the Indian Market.

WHAT IS COVERED UNDER THE POLICY?

The policy covers all sums (including defence costs) which the insured becomes legally liable to pay as damages as a consequence of:

- Accidental death/bodily injury or disease to any third party,
- Accidental damage to property belonging to a third party,

arising out of any defect in the product manufactured by the insured and specifically mentioned in the policy after such product has left the insured's premises. The defect in the product can be manufacturing defect or may even be due to faulty packaging, delivery specifications, or instructions as to the use of the product. The policy covers liability arising out of products sold – both in the domestic market as well as those exported.

Coverage is written on a **claim made basis**, i.e., a Liability policy that provides coverage for an injury or loss if the claim is first reported or filed during the policy period. However, the policy offers the benefit of retroactive date, i.e., a date stipulated in a claims-made Liability policy declarations section as the first date of incidents covered by the policy. The retroactive date is designed to provide coverage for claims resulting from incidents that take place prior to the current policy term.

MAJOR EXCLUSIONS UNDER THE POLICY?

- Expected or intended injury
- Contractual liability (suitably modified)
- Product Recall and Product Guarantee
- Pure financial loss such as loss of goodwill or loss of market

- Cost incurred for repairing or reconditioning or modifying the defective part of product
- Product Efficacy

WHO SHOULD BUY THIS POLICY?

- Indian Manufacturers that have global operations and are thus exposed to legal claims worldwide.
- Traders and Distributors who would prefer Claim's handling abilities in all major jurisdictions.
- All the businesses who are involved in dealing with tangible products.
